## **Darkness**

Demons and other monsters capable of creating magical darkness can see through their own darkness and the darkness produced by allied monsters.<sup>1)</sup>

This is not explicitly stated anywhere to my knowledge, however it only makes sense. Note that the Type VI demon (Balor) "sheds" darkness in a 10' radius, implying that the ability is meant to be used in an area around the monster. Even with 75% magic resistance, one cannot imagine that the intention was for the Type IV to blind itself 25% of the time.
