Lasso

A lasso is a weapon described on UA 77.

A hit **snags** the target (along with the other effects listed on UA 77). When snagged, the wielder of the lasso can take a **G** action to **drag** the target moves them 1" closer to the wielder.¹⁾

To get un-snagged, see the procedure on the harpoon page. Additionally, instead of cutting the line, the victim can take an E action to attempt to snap the line with BB/LG. Only one such attempt can be made per lassoing incident.

See UA 77 for additional rules and stipulations. Also see the harpoon and net.

1)

Unlike the harpoon, the lasso does not do damage when dragging.
